Club Handicap Will be determined by subtracting 2 yards from your ATA handicap. Minimum club handicap will be 3 yards less than your ATA handicap yardage. Minimum handicap yardage is 20 yards. Non-ATA members will be assigned a club yardage of 23 yards with a minimum yardage of 22 yards. Club handicap will be adjusted after each shoot by adding 2 yards for the top score, 1 yard for the 2nd top score and ½ yard for the 3rd top score. (If any of these scores did not play the special event then we will use top scores from the special event winners.) We will subtract 1 yard from all others provided that the special event was entered.
